Hi Emily -

On the QER, there is a section under administrative costs for office repairs and maintenance. I was wondering if there was a threshold or any guidelines for this category? The central HVAC unit at our residential facility quit and will be replaced this month, and I was wondering if that expense would qualify. It'll be around \$5k.

We will continue with the repairs either way since it's important that we maintain a comfortable environment for our moms and babies, but was curious if it could billed for as well (I know that it would be calculated toward indirect admin costs, so would only come back at 10% of what was spent).

Thank you!
Laura Griggs

Subject: Additional Funding Requests

Hello all,

Many of you have claimed more expenditures than we have paid you for the last "quarter," which indicates that there may be some additional funding needs as we finish out the fiscal year. There is some funding that was not spent during the first half of FY17 that I am looking at allocating on the June invoice. Please let me know if your organization is in need of additional funding for the remainder of FY17, and provide an reasonable estimate that you think you will be able to spend before the end of the fiscal year.

Thanks,

Emily Kraft
